We are on the road again going down the Missouri's Yellow Brick Road led by President Patti Burge with her theme **"Be the Reason a Veteran Smiles Today"** and Lois Callahan, our National President, picked **"From Sea to Shining Sea Honoring Veterans-Who Keep Us Free."** as her theme. I think the two themes work beautifully together and express how all the hard work we do is for our veterans. Every one of us joined this organization to show our love for our veterans by serving and honoring them in any way we can. The Veterans and Family Support program has lots of different ways to help and honor our veterans and their family.

The Veterans and Family Support program has lots of different ways to help and honor our veterans and their family. We can help by offering guidance about acquiring VA benefits, providing information about scholarship opportunities, and recommending helpful resources for when life hits a bumpy road. It's important for us to know about the different programs and benefits so we can pass the information on to those who need it.

So, let's grab a spot at community events. Set up a table with information such Veterans Suicide Awareness, Unmet, MAP etc. Bring a Service Officer with you. They can help veterans or spouses with benefits or employment. Getting into the community to let them know what we do for our veterans and family.

"Be the Reason a Veteran Smiles Today"
